ESTATE AGENTS SURVEYORS

● Ken Crossley, a partner of Frank Farr & Sons welcomes Philip Suter.

A winning combination

JEFFREY Milner property management, the High Wycombe based residential letting agents, has merged with Frank Farr & Sons.

Frank Farr & Sons has a management department based at its Iver offices and the combined department will cover a wide area including parts of Surrey, Middlesex, Hertfordshire, Bucks and Berks.

The partner in charge of the management department will be Philip Suter of

Jeffrey Milner. Jeffrey Milner Property Management has been based in High Wycombe for the past three years and Philip Suter has been involved with the property market since 1978.

Joining up with Frank Farr & Sons will now mean that the existing Jeffrey Milner Clients will have the benefits of progressive estate agents who cover sales of properties, structural surveys, town planning and building design, commercial properties and a mortgage service.
