

Properties to let

Lettings managers move office

A HIGH WYCOMBE based property management company, Jeffrey Milner Property Management, has recently moved to new offices.

The company specialises in letting and managing houses and flats over a wide area.

Jeffrey Milner Property Management will be working with associated estate agents in the South Bucks and Slough area including Frank Farr and Sons, members of the Property News publishing association, Holland and Partners of High Wycombe, S. T. Rotheram and Co. of Aylesbury, Selecta Property of Beaconsfield and John Jacobs of Marlow.

For information about letting, a leaflet has been produced to advise and inform the prospective landlord. This is available from Jeffrey Milner or from the associated estate agents.

The company can arrange investment through the Buckinghamshire Building Society, provide insurance and give a full rental and management service for the landlord.

The company can provide a detailed written inventory of your property and a video inventory if required.

For more information contact Jeffrey Milner at the new address at 3 Easton Street, High Wycombe (High Wycombe 41201 or 40431).
