SPLENDID SUCCESS CROWNS WONDERFUL
ORGANISATION

A singularly attractive stall was that of MESSRS. SUTER'S china and ware department. This time it was all kinds of special fancy ware, for ornament and use. We counted nine or ten special makes of ware, all of them showing some kind of appeal, whether of colour, design, or purpose. Some of the makes that were specially admired were the Crown Devonshire, the Poole Pottery, the Avon Ware, and the Market Crown type. English firms can now more than hold their own with the foreigners in this art, and Messrs. Suter's showrooms must be an attractive place to visit with all these types to select from.
